

10 THINGS EVERY BUSINESS SIMULATION PROVIDER SHOULD BE OFFERING

Free trial access and initial training for instructors using the simulation.

Comprehensive instructions, presentations and videos for instructors and students.

Committed sales rep and unlimited technical support for instructors and students.

Online access from any device to allow for flexibility and opportunity to apply in blended and distance learning programs.

Multiple different simulations on the same platform to bring relevant content cost-effectively across different courses and programs.

Scalable simulations that are just as easy to use with thousand students as they are with ten.

Customizable simulations with support when you want to make changes to scenarios and parameters.

The ability to monitor performance and activity levels for teams and individual students.

Simulations in your language of preference to meet your curricular needs and student skills.

Ongoing training, updates to simulations, and opportunities to meet other educators allowing you to develop yourself and keep your courses fresh.

The Most Intuitive Business Simulations

All **Cesim Business Simulations** are built on an easy-to-use, scalable and highly automated online platform that allows instructors to run their courses on any web browser from anywhere, anytime.
